

INDUCTOR 3000

The smart induction heater

1,3 kW max
35-100 kHz
1,2 kW

Portable induction heater that allows fast release of bolts, nuts, gears, joints and screws. It is particularly useful for applications in bodyshops, garages, farming, maintenance, metal machining, etc.

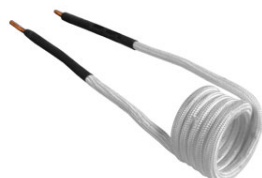

POWERFUL AND TRANSPORTABLE

1200 W power concentrated in a compact and easily transportable tool thanks to the contained weight (3.5kg) and the practical adjustable shoulder strap. Its handling makes it an ideal tool for all those maintenance activities on site.

INTUITIVE & EFFICIENT

By adjusting power, heat is transferred to the part to be unlocked in a localised and precise manner..

ACCESSORIES SUPPLIED

Inductor 3000 is supplied with a spiral terminal and is supplied with Twister 10V M8/M10 and 14V M12/ M14 accessories.
