To complete repair systems, you have to have:

## DIGITAL PULLER 5500 DUO + DUO ACCESSORY KIT

Electronic repair system for steel with two guns as standard, one automatic and the other manual.

The presence of DINSE sockets enable its use with various tools specifically designed to facilitate everyday work in the body shop.

## DIGITAL PULLER 5500

Electronic repair system for steel equipped with an automatic gun.

## DIGITAL CAR SPOTTER 5500

Electronic spotter with automatic setting of spot welding parameters according to the thickness of the sheet and the tool being used.

It's easy to use, thanks to the LCD panel and ready for use with a Studer kit as standard.
