

## D-Arc 200

### The efficiency in Aluminium repair

D-ARC 200 is the innovative welding system for washers and pins to speed up straightening of aluminium sheet metal.

#### **DRAWN ARC TECHNOLOGY FOR ALUMINIUM**

D-ARC 200 is an inverter welding machine which, thanks to drawn arc technology, allows welding of hook washers and pins on sheet metal without using gas.

#### **SIMPLE TO USE**

The immediate adjustment of the welding parameters makes D-ARC 200 simple to use, reducing the processing times and increasing production and performance in the body shop.

#### **FASTER AND MORE EFFICIENT REPAIRS**

Use of a light and ergonomic welding gun with integrated earth return exponentially speeds up the straightening times of doors, bonnets, mudguards, etc.

# D-Arc 200

The efficiency of Aluminium repair

## ITALIAN QUALITY

D-ARC 200 is a product “Made in ITALY”.

## READY TO USE

D-ARC 200 is equipped with a welding gun and a hook washers kit to be immediately ready for use.

## OPTIONAL ACCESSORIES

D-Arc Deluxe Kit: a complete kit of consumables and accessories to fully exploit the potential of D-Arc 200.
