

XT RANGE

THE “EXTREME” SIDE OF WELDING

The XT range is the new line of welding machines by Telwin with “eXTreme” character. Powerful and strong, they are made for welders who don’t hold back in the most demanding work and most hostile environments.

POWER / HEAVY DUTY

Powerful and performing, their duty-cycle was designed for heavy use.

LINHA XT

O LADO “EXTREMO” DA SOLDADURA

STRENGTH

Designed to resist impact during the most challenging works or the hardest transport.

VERSATILITY

Designed for welding all types of rutile, basic, stainless steel, cast iron (cellulosic and aluminium mod.238) electrodes. Guaranteed performance even with engine driven generators.

TRANSPORTABILITY

Thanks to the solid metal handle and the reduced weight, they can be transported anywhere.

QUALITY

Designed thanks to the know-how of those who have been creating products for professionals for over 55 years, with the certainty of the “Made in Italy, Made in Telwin”.
